Dear Applicant:

The Secretary invites applications for new awards for fiscal year (FY) 2002 under the Migrant and Seasonal Farmworkers Program for individuals with disabilities. (CFDA: 84.128G). This program is authorized by section 304 of the Rehabilitation Act of 1973, as amended (the Act) and implemented by the subsequent program regulations at 34 CFR Part 369.

PROGRAM PURPOSE

The purpose of the Migrant and Seasonal Farmworkers Program is to fund projects that demonstrate and provide vocational rehabilitation services to individuals with disabilities who are migrant or seasonal farmworkers, and to the family members who are residing with such individuals (whether or not such family members are individuals with disabilities), including maintenance and transportation of such individuals and members of their families where necessary to the rehabilitation of such individuals.

This application kit contains the information and forms for potential applicants to apply and compete for FY 2002 grant awards under this competition. Potential applicants are advised to read the materials carefully, particularly the information on the types of organizations that are eligible to apply for these grants, how to prepare an application, and the selection criteria used by the reviewers to evaluate each application. Prior to completing the grant application, please review the Federal Register Notice included in this application packet. Applicants who do not address this program's purpose, as stated in the Federal Register Notice, will be returned to the senders.

COMPETITIVE PREFERENCE

The Office of Special Education and Rehabilitative Services (OSERS), Rehabilitation Services Administration (RSA), announces the addition of a competitive preference to this grant competition for FY 2002 under section 304 of the Act for applications that are eligible for funds under this priority. For the purpose of this competitive preference, applicants may be awarded up to a total of 10 points in addition to those awarded under the published selection criteria for this priority, based on the extent to which an application includes effective strategies for employing and advancing in employment qualified individuals with disabilities in projects awarded under this priority. In determining the effectiveness of such strategies, the Department will consider the applicant's prior success, as described in the application narrative section, in employing and advancing in employment qualified individuals with disabilities in the project. Applicants meeting this competitive preference could earn a maximum of 110 points. (See FEDERAL REGISTER notice in this application kit).

APPLICATION PROCEDURES

Applicants must submit one original application and two copies. The Rehabilitation Services Administration would appreciate receiving three additional copies of your application to facilitate the peer review process (six applications in all).

Applications must be mailed (postmarked) on or before the application closing date indicated in this package to the following address: U.S. Department of Education Application Control Center, Attention: CFDA Number 128G, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4725.

Applications sent overnight mail (UPS, Federal Express, USPO Express, etc.) must be sent to a **different address**: U.S. Department of Education, Application Control Center, Room 3633, GSA National Capital Region, 7th and D Streets, S.W., Washington, D.C. 20202-4725. Telephone number: 202-708-9493.

APPLICATION CONTENT

Under block #4 application cover sheet (Standard Form 424) you must include the appropriate CFDA number (84.128G), and program title (Migrant and Seasonal Farmworkers Program).

As a result of changes in the Department of Education's grants management process, all applicants for multi-year projects are required to provide detailed budget information for the total grant period requested. Detailed instructions for providing budget information is provided in the application kit.

NOTE: Migrant and Seasonal Farmworkers Program grants will be awarded at an average cost of \$165,000 each per year, for up to 60 months. The Federal share of the cost of a project may not exceed 90 percent of the total cost of the project under this Program.

Each application **MUST** include a one-page abstract. The abstract is a critical component of the proposal and it **MUST** highlight the purpose of the project, target population, the number of individuals to be served during the project period, planned goals and objectives, innovative strategies utilized, projected outcomes and a plan or process for maintaining the momentum of the project after the project ends.

The program narrative must address the selection criteria used for this program that are included in this application package. **To facilitate the peer review process, you should address the criteria in the order presented.** In addition, applicants are reminded that the 1998 Amendments to the Rehabilitation Act require that all new applicants **must** describe how the needs of individuals with disabilities from minority backgrounds will be addressed. Applicants must also provide assurance that individuals who receive services will be advised of the availability and purposes of the State's Client Assistance Program, including information on means of seeking assistance from that program.

PROGRAM RULES AND REGULATIONS

Migrant and Seasonal Farmworkers Program grants are subject to the requirements of the Education Department General Administrative Regulations at 34 CFR Parts 74, 75, 77, 79, 80, 81, 82, 85, and 86. These regulations set forth all general rules affecting application submittal, review, grant awarding,

and post-award administration of Department of Education grant programs. A copy of the Migrant and Seasonal Farmworkers Program statute is attached.

INTERGOVERNMENTAL REVIEW FOR FEDERAL PROGRAMS

Applications under these programs are to be submitted to the appropriate State agency for review as stipulated under Executive Order 12372 - Intergovernmental Review. If a State has established a process for this review, all applicants must contact the appropriate State Single Point of Contact and follow its established procedures. A list containing the Single Point of Contact for each State is included in the packet.

Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. An application for an award must be postmarked, sent by mail or hand delivered on or before the closing date.

- (1) A private metered postmark, or
- (2) A mail receipt that is not dated by the U.S. Postal Service.

An applicant should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

An applicant is encouraged to use registered or at least first class mail.

Each late applicant will be notified that its application will not be considered.

If all the research activities are designated to be exempt under the regulations, enter, in item 12a, the exemption number(s) corresponding to one or more of the six exemption categories listed in "Protection of Human Subjects in Research" attached to this form. Provide sufficient information in the application to allow a determination that the designated exemptions in item 12a, are appropriate. Provide this narrative information in an "Item 12/Protection of Human Subjects Attachment" and insert this attachment immediately following the ED 424 face page. Skip the remaining parts of item 12.

If some or all of the planned research activities involving human subjects are covered (nonexempt), skip item 12a and continue with the remaining parts of item 12, as noted below. In addition, follow the instructions in "Protection of Human Subjects in Research" attached to this

form to prepare the six-point narrative about the nonexempt activities. Provide this six-point narrative in an “Item 12/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.

If the applicant organization has an approved Multiple Project Assurance of Compliance on file with the Grants Policy and Oversight Staff (GPOS), U.S. Department of Education, or with the Office for Protection from Research Risks (OPRR), National Institutes of Health, U.S. Department of Health and Human Services, that covers the specific activity, enter the Assurance number in item 12b and the date of approval by the Institutional Review Board (IRB) of the proposed activities in item 12c. This date must be no earlier than one year before the receipt date for which the application is submitted and must include the four (4) digit year (e.g., 2000). Check the type of IRB review in the appropriate box. An IRB may use the expedited review procedure if it complies with the requirements of 34 CFR 97.110. If the IRB review is delayed beyond the submission of the application, enter “Pending” in item 12c. If your application is recommended/selected for funding, a follow-up certification of IRB approval from an official signing for the applicant organization must be sent to and received by the designated ED official within 30 days after a specific formal request from the designated ED official. If the applicant organization does not have on file with GPOS or OPRR an approved Assurance of Compliance that covers the proposed research activity, enter “None” in item 12b and skip 12c. In this case, the applicant organization, by the signature on the application, is declaring that it will comply with 34 CFR 97 within 30 days after a specific formal request from the designated ED official for the Assurance(s) and IRB certifications.

- 13. Project Title.** Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location.

For preapplications, use a separate sheet to provide a summary description of this project.

- 14. Estimated Funding.** Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 14.

- 15. Certification.** To be signed by the authorized representative of the applicant. A copy of the governing body’s authorization for you to sign this application as official representative must be on file in the applicant’s office.

Be sure to enter the telephone and fax number and e-mail address of the authorized representative. Also, in item 15e, please enter the month, date, and four (4) digit year (e.g., 12/12/2000) in the date signed field.

Protection of Human Subjects in Research (Attachment to ED 424)

I. Instructions to Applicants about the Narrative Information that Must be Provided if Research Activities Involving Human Subjects are Planned.

If you marked item 12 on the application “Yes” and designated exemptions in 12a, (all research activities are exempt), provide sufficient information in the application to allow a determination that the designated exemptions are appropriate. Research involving human subjects that is exempt from the regulations is discussed under II.B. “Exemptions,” below. The Narrative must be succinct. Provide this information in an “Item 12/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.

If you marked “Yes” to item 12 on the face page, and designated no exemptions from the regulations (some or all of the research activities are nonexempt), address the following six points for each nonexempt activity. In addition, if research involving human subjects will take place at collaborating site(s) or other performance site(s), provide this information before discussing the six points. Although no specific page limitation applies to this section of the application, be succinct. Provide the six-point narrative and discussion of other performance sites in an “Item 12/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.

(1) Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Identify the sources of research material obtained

from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

II. Information on Research Activities Involving Human Subjects

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s

regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Is it a research activity?

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, such as an exploratory study or the collection of data to test a hypothesis, it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Is it a human subject?

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for

example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of *exemptions* are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. *If the subjects are children, this exemption applies only to research involving educational tests or observations of public behavior when the investigator(s) do not participate in the activities being observed.* [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the

research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff (GPOS) Office of the Chief Financial and Chief Information Officer, U.S. Department of Education, Washington, D.C., telephone: (202) 708-8263, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site at <http://ocfo.ed.gov/humansub.htm>.

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. Provide other explanations or comments you deem necessary.

Section D - BUDGET DETAIL/NARRATIVE

Attach separate sheets to fully explain and justify the following budget categories in support of the FEDERAL funding request. (Section A) and the no-Federal Funds (Section B).

Include sufficient detail to facilitate determination as to allowability, relevance to the project, and cost benefits.

1. **Personnel:** Show the salary and wages, title, and time commitment of all persons charged to the project. Consultant fees and expenses must be included in Line 8.
2. **Fringe Benefits:** Include contributions for Social Security, employee insurance, pension plans, etc. Leave blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost rate.
3. **Travel:** Itemize the amount requested for travel of employees only. Travel of consultants, trainees, etc. should not go on this line, nor should local transportation costs for project staff (i.e., where no out-of-town trip is involved); these costs should be listed under the category of "Other".

While all travel must be fully justified foreign travel should be separately identified and

justified. No foreign travel will be authorized under the grant unless prior approval is obtained.

4. **Equipment:** List nonexpendable personal property that has a useful life of more than two years and an acquisition cost of \$500 or more per unit. However, consistent with institutional policy, lower limits may be established. List items of equipment in the following format: Item, Number of Units, Cost per Unit, and Total Cost. Fully justify the need for each item of equipment.
5. **Supplies:** Include the cost of consumable supplies and materials to be used in the project. These should be items which cost less than \$300 per unit with a useful life of less than two years.
6. **Contractual:** Show all amounts for each of the Following: (1) procurement contracts (except those which belong on other lines such as supplies and equipment listed above) and (2) grant payments to secondary recipient organizations such as delegate agencies, affiliates, cooperating institutions, political subdivisions, etc. Indicate the name of the agency, organization, or individual that is expected to receive each proposed contract. This should be supported in Part III - Program Narrative.

Note: Whenever the applicant intends to delegate part or all of the program to another agency, the applicant must submit, if available, a copy of the proposed contract or grant payment and any other supporting documentation detailing the activity and required budget of each delegate agency. If the proposed contract or grant payment has not yet been advertised and/or negotiated, the applicant should provide any basis available that was used in developing the proposed contract/grant payment costs. Delegate agencies are not required to submit separate budget information for their portion of the total contractual budget. The total cost of all such agencies will be part of the amount shown on Line 6.

7. **Other:** Provide an itemized list of all remaining direct costs not clearly covered by lines 1-6 above. Examples are computer use charges, space or equipment rental, consultant costs, communication costs, rental of space, utilities and custodial services, printing materials, and local transportation.

For consultant expenses, give the total number of consultants that will work on the project and their costs (fees, per diem, and travel). Provide the basis for the determination of the rate identified for consultant costs for which Federal funds are requested. The justification should demonstrate how the consultant costs are reasonable, customary and consistent with the established institutional/organizational/agency policy governing consultant costs.

8. **Total Direct Costs:** Total lines 1 through 8.
9. **Total Indirect Costs:** Indirect costs are those costs of an organization that are not readily identifiable with a particular project or activity but are necessary for the general operation of the organization and the conduct of its activities.

Indicate your indirect cost rate and the amount of indirect costs to be charged to the project. If no indirect costs are requested, enter "none." This line should be used only when the applicant (except local government(s) has an indirect cost rate approved by the Department of

Education (ED) or another Federal agency. Local governments shall enter the amount of indirect costs determined in accordance with ED requirements.

Except for State or local governments (defined in 34 CFR Part 74), the reimbursement of indirect costs for grants under the Rehabilitation Training Program (CFDA 84.129 and CFDA 84.246) and the Training of Interpreters for Deaf Individuals Program (CFDA 84.160) is limited to the lesser of actual indirect costs or 8 (eight) percent of direct costs.

10. Training Stipends: Explain all costs included under the category of Training Stipends.

11. Total Project Costs: Total lines 8 and 9.

In addition, provide an itemized list of the sources of all NON-FEDERAL funds which ties to the amounts reflected in Section B.

PART III - PROGRAM NARRATIVE

Prepare the Program Narrative in accordance with the following instructions. Before preparing the Program Narrative, applicants should carefully review the selection criteria contained in this application package.

In addition, applicants should read the applicable parts of the Education Department General Administrative Regulations (EDGAR), 34 CFR. These regulations set forth all general rules affecting application submittal, review, grant award, and post-award administration for Department of Education grant programs.

NOTE: Applicants should refer back to the "Dear Applicant" Letter. It cites the applicable parts of EDGAR.

Since applications must be duplicated for distribution to reviewers, printed material should be legible, appear only on one side of each page, and be double spaced. To ensure that printed material is legible, the use of a high quality printer, with font size of 10 or 12 or larger typeface, in the preparation of your application is strongly urged. Use standard 8 1/2 x 11 inch paper, white in color, and free from tabs. Also, use spring clips or rubber bands to hold the application together. Do not use binders, folders, and staples as they must be removed before duplicating applications.

It is recommended the Program Narrative be limited to 35 pages, double spaced, and number pages consecutively. The narrative should be written concisely. Only the required information should be submitted. If appendices or other supplemental materials are included, they must be kept to a minimum and must substantiate what is proposed in the narrative., eg., the results of a needs survey or letters of commitment from organizations that will have significant involvement with the project. All vitae should be limited to one page in length showing the source and date of earned degrees, experience relevant to working with individuals who are disabled and the person's direct relationship to the project, e.g., how the person will function in the project.

The Program Narrative should begin with an overview statement (one page abstract) that summarizes the purpose/intent of project, the goals and objectives, the target population, the impact of project, and the expected outcomes or benefits. This abstract only may be single spaced.

The Program Narrative must respond to the selection criteria in the same order as they appear in Section C of this application kit.

NOTE: Funded projects will be required to report evaluation findings in the annual progress report (as part of the continuation application) and in the final report at the conclusion of the project.

IF APPLICABLE, PROVIDE THE FOLLOWING INFORMATION:

- (a) If a rehabilitation project is in its final year of support and refunding for a new project is being requested, provide a progress report that includes a discussion of all accomplishments to date in achieving project objectives and a schedule of accomplishments or milestones anticipated with the new funding request.**
- (b) A listing showing the Federal Domestic Assistance Catalog number, status and amount of each project where there is related previous, pending or anticipated assistance.**

SECTION H

COMMON QUESTIONS AND ANSWERS

[Below are some examples of Q's & A's that programs may include in their application booklets. Programs may want to add others. Generally speaking, Q's & A's should not repeat information that is given elsewhere in the application. However, there may be exceptions to this "rule of thumb." Q's & A's should not be subregulatory and should not take the place of instructions.]

Q. What happens to my application after it is received in the Department?

A. The Department's Application Control Center receives each application, assigns each an identifying number (PR/Award number), confirms receipt of applications, and sends the applications to the appropriate program office, which screens them for eligibility. The program conducts a peer review of all eligible applications sent to a program competition, ranks them and recommends the highest ranked applications for funding with exceptions as provided by law. The responsible official for the applicable program reviews the program office's recommendations, checks the adequacy of the documentation supporting the recommendations, and approves a final list, or slate, of recommended projects and funding amounts. The final slate is forwarded to Grant and Contract Services, Grants Division, which negotiates the recommendations with the successful applicants and awards the grants.

Q. What happens to my application if the Department finds it to be ineligible?

A. The Department immediately returns an application that does not meet the eligibility criteria for the particular program. A letter from the Department explaining why it is not being reviewed in the competition accompanies the application.

Q. How does the Department review an application?

A. Each application is assessed by knowledgeable persons from outside and sometimes inside the Department who are asked for their judgements about the quality and significance of the proposed project. These persons represent a diversity of disciplines and institutional, regional, and cultural backgrounds. The advice of these experts is compiled by Departmental staff who comment on matters of fact or on significant issues that would otherwise be missing from the review. The results are then presented to the responsible official responsible for the program who approves the recommendations for funding.

Q. What criteria do the reviewers use when scoring an application?

A. Reviewers score each application using the selection criteria published in the Federal Register as part of the program regulations, which are given [specify where they can be found in the application package]. Reviewers are instructed to use only the published criteria.

Q. Is a recommended application guaranteed funding?

A. No. Funding is not final until negotiations have been successfully concluded and a grant award notification has been signed by the grants office and mailed to the applicant.

Q. How long does it take the Department to complete the review process?

A. (Describe normal experience with the particular program. Most review processes take from six to eight months.)

Q. How do the invitational, competitive and absolute priorities differ?

A. Invitational Priority

The Secretary may simply invite applicants to meet a priority. However, an application that addresses invitational priorities receives no competitive or absolute preference over applications that do not meet this priority.

Competitive Priority

If a program uses weighted selection criteria, the Secretary may award selection points to an application that meets the priority. These points are in addition to any points the application earns under the selection criteria. The notice states the maximum number of additional points that the Secretary may award to applications that meet the priority in a particularly effective way. Or the Secretary may simply select applications that meet the competitive priority over applications of comparable merit that do not meet the priority.

Absolute Priority

Under an absolute priority, the Secretary may select for funding only those applications that meet the priority.

Q. Can changes in the size of subsequent year awards be made after the multi-year budget has been negotiated?

A. Yes, a grantee can renegotiate his or her multi-year budget and may be awarded additional funds if sufficient justification is presented to the Secretary and funds are available. Also, funds can be decreased if it is determined that the multi-year budget was overestimated.

Q. How will funding continuation decisions be made if the Department is phasing out the use of non-competing continuation applications after fiscal year 1995?

A. Grantees will be required to complete annual performance reports that describe the projects' accomplishments, evaluations, and finances. These performance reports, along with other information, will be used by the Department to decide whether to continue funding projects.

This publication by the U.S. Department of Education is an unofficial version of the State Single Point of Contact (SPOC) List published by the Office of Management and Budget (OMB). This publication incorporates the most recent revisions made by OMB. The Department has made every effort to ensure the accuracy of the information contained in this unofficial version. However, the only official version of the State Single Point of Contact (SPOC) List is posted on the Grants Management section of the OMB web site <http://www.whitehouse.gov/omb/grants/spoc.html>. You may save a text version of this document at the aforementioned site. Please note it will be necessary to put a row of space between each state listing.

STATE SINGLE POINTS OF CONTACT (SPOCs)

It is estimated that in 2001, the Federal Government will outlay \$305.6 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided on the official version <http://www.whitehouse.gov/omb/grants/spoc.html>. States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within one of these States, you may still send application material directly to a Federal awarding agency.

**PROVISION IN THE DEPARTMENT OF EDUCATION'S GENERAL
EDUCATION PROVISIONS ACT (GEPA)**

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1890-0007. The time required to complete this information collection is estimated to average 1.5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: Director, Grants Policy and Oversight Staff, U.S. Department of Education, 400 Maryland Avenue, SW (Room 3652, GSA Regional Office Building No. 3). THE GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

NOTICE TO ALL APPLICANTS: The Government Performance and Results Act (GPRA)

What is GPRA

The Government Performance and Results Act of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In doing so, it is expected that GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

How has the United States Department of Education Responded to the GPRA Requirements?

As required by GPRA, the United States Department of Education (the Department) has prepared a strategic plan for 1998-2002. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the United States. The Department's goals, as listed in the plan, are:

- Goal 2:** Build a solid foundation for learning for all children.
- Goal 3:** Ensure access to postsecondary education and lifelong learning.

Government Printing Office at the following url: <http://bookstore.gpo.gov/regulatory/fed-reg.html>. The Federal Register Complete Service is also available in microfiche on the same web page.
